

# Security/Display Pay Rates

This change allows LBCC security to control pay rates in Payroll Entry and the Payroll Edit.

## Menu SYSM01 Option 4

## Admin/Security/LBCC Setup/LBCC Profile

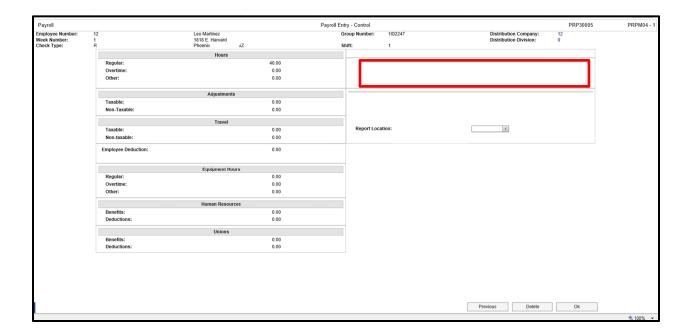

If this category is checked the pay rates will not display on the Payroll Entry screen, nor will the pay rates be on the Payroll Edit Register

## Menu SYSM01 Option 4

## Admin/Security/User/Group Setup

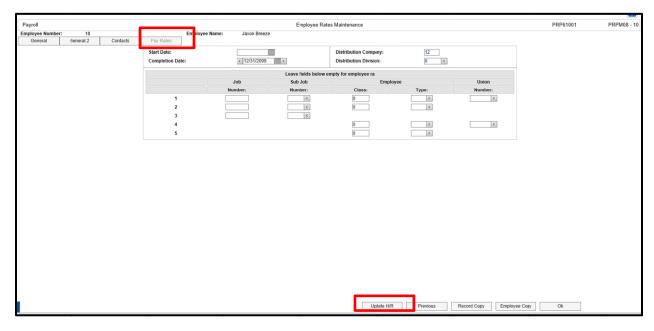

The option in User Group setup, no longer controls whether or not the user can see pay rates, in Payroll Entry nor the Payroll Edit Register.

This option only controls the Rate Screens in the employee master.

If checked then in Add mode the Employee Master provides a tab on the Rate Master screen to access HR Master

If not check then in Add mode the system take you straight into HR Master screen after the Contact screen is completed
